### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art made of record neither disclose nor suggest a solar pulse charging device having, *inter alia*, a feedback voltage regulator circuit electrically connected to the flyback circuit, the feedback voltage regulator circuit including a second IC for measuring the voltage of the load and controlling the flyback circuit to make the load in a constant voltage; and a cyclic start circuit electrically connected to the feedback voltage regulator circuit, the cyclic start circuit transmitting back the frequency signals from the first IC to the system-on-chip that controls the cyclic start circuit for starting controlling the feedback voltage regulator circuit and the flyback circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to the Examiner at the below-listed number.
